\$482,500

Here is a great opportunity for you to secure a modern 3-bedroom family home. The property is located on a completely flat block, in a quiet "no through road", in the lovely town of Longford. The home had a total refurbishment of the interiors over recent years to provide its occupants with modern clean lines and a contemporary feel. Open plan living with timber look floors and the all-white kitchen act as the central hub of the home and a Daiken heat pump keeps the home cosy all year round. There are three bedrooms all with built in robes, with the master bedroom offering an ensuite and is positioned separately from the other bedrooms. The main bathroom with bath and separate toilet are both conveniently positioned alongside the two remaining bedrooms. A single lock up garage provides internal access from your car to the house and the back yard is fully fenced, so is both child and pet friendly. With all the internal refurbishments now done and with a secure low maintenance yard this home offers its new owners the opportunity to just move in, unpack and start enjoying the benefits.
