Built over three levels, the Ballina has been designed to suit sites that slope sideways across the block with generous, well thought out spaces while taking advantage of views from the upper floor living areas. The open-plan living area on the upper floor enjoys the outlook to the rear and side of the home with the kitchen, family and dining areas easily connecting to the outdoor alfresco. A private master bedroom suite completed by a walk-in robe and ensuite sits at the front of the home. The entry level, providing access into the home comprises a double garage, laundry, and a guest bedroom suite while the lower level has a space for the kids to enjoy. Additional bedrooms, family bathroom and a games room have direct access to the rear yard for endless opportunities of entertainment. This is a House and Land Package. Please contact Renee Kostuik, One Agency Rye tel: 0404474019 for more information about the land.
