Located in the beautiful and highly sought after Whitby estate; you will love the design and finish of this stunning home. This house has been designed for the family who appreciate the nicer things in life - it has ducted reverse a/c, high ceilings, great lighting and has been impeccably maintained. There is plenty of usable space throughout, including a large theatre room and extra big alfresco. The main living area is large and open, with great flow between the living room and the alfresco area. Entertaining will be easy with these large spaces surrounded by a beautiful and low maintenance yard - a great setting for BBQ's on a summer evening! The master bedroom is a great size and has two big walk-in wardrobes. The ensuite is stunning with quality tiling and cabinetry, it features double basins and an extra big shower recess. Truly impressive. Both of the secondary bedrooms are great sizes, with built in wardrobes and are easily big enough for queen beds. The kitchen is outstanding! A big island bench doubles as a breakfast bar and provides a huge amount of space for the chef in the family to do their thing. Ample cupboards take care of storage and the 900mm stove is a sure winner. The glass splashback adds a touch of class and the walk-in pantry is a great feature. For the buyer with vehicles to park and stuff to store, you will love the side access and extra-large garage with a built-in workshop space. There is very little maintenance required to keep the property in tip-top shape, and you certainly won't be disappointed with the presentation. This is a great example of a quality home in a great area.
