Uniting the finest ideals of modern living, this single-fronted Victorian terrace is a triumphant curation of refined minimalism and understated elegance, allowing a spectacular architectural profile to reign. Warm and inviting, beautiful Oak floors and a characteristic hallway arch frame a glimpse of the captivating fusion of period and contemporary design. Under a soaring vaulted ceiling, the voluminous, light-filled space of the open-plan living domain and the Miele kitchen is breathtaking and presents a seamless connection to the north-facing outdoor living area. Easy-care lawn rest over quality exposed aggregate concrete offering versatility and comfort for young children and pets to play, and secure parking via side lane access. With a cohesive aesthetic, the sky-lit bathroom services two robed bedrooms, delighting in the charm of their fireplace, whilst a fitted study and a laundry with a second toilet provide superb convenience. Nestled in this quiet pocket, an easy stroll to Armadale Station, High Street, Glenferrie Road, Malvern Central, and close to schools and parks, additional features include split system air conditioning, a gas log fire, and an auto gate.
