Such a great place to live and a short drive to beautiful beaches.

This property is nestled in a Quite cul-de-sac in a quality area. It is a very spacious four bedroom, two bathroom home. The large formal lounge has a wood fire place in there. The main bedroom has four door built in robe space and the ensuite has a been totally modernized. There is also a second door that leads to the second bedroom which would be ideal for a study or nursery. The third and fourth bedrooms are a good size and with built in robes. Then at the front of the home is a good size activity room that leads to a well equipped kitchen with gas cookers and an electric oven, dishwasher and a walk in pantry. There is a shoppers entry to the large double garage. The kitchen over looks a large family and dining room area. then you have access to another large games room that has a built in bar in it. Great for entertaining, the second bathroom has a separate bath and shower that has been modernized as well. The hall way between the bedrooms has double linen cupboard plus more storage in the laundry. The back yard is set up really well and there is two large patio areas and the potential for some really good side access by the garage. There is a couple of gardens sheds and plenty of grass and paving areas with some feature brick garden beds. Also just a short stroll down the end of the cul-de-sac and you come to a very large parkland setting, so if you are looking for a great place to live, be quick to view this property.
