Introducing TH 26 in the exclusive Townhaus development, a unique blend of modern creativity and natural surroundings located in West Melbourne. This 4-level townhouse boasts 3 bedrooms, 2 bathrooms, 1 powder room and 2 car spaces, as well as a private rooftop terrace with panoramic views of the bustling city. The Townhaus development, designed by the Bauhaus principle, unifies practical and creative art forms in a beautiful expression of refined architecture. The exteriors and interiors of the 37 townhouses are stripped back to create raw and positive spaces that energize and invigorate those living within. The central focus of Townhaus is of community, life and connection- an emphasis evident in the design. As you enter, you will be greeted by a spacious open-plan living and dining area, perfect for entertaining guests. The living area is bright and airy, with large windows letting in natural light, and the kitchen is a chef's dream, with sleek modern cabinetry, stainless steel appliances and ample counter space. The bedrooms are both generously sized, with the master bedroom featuring a big wardrobe and an en-suite bathroom. The Townhaus development is located in a prime location, just a short walk from the vibrant CBD of West Melbourne, where you will find a variety of restaurants, cafes and shops. Nearby, you will find Flagstaff Train Station, Southern Cross Train Station, North Melbourne Train Station, Docklands Primary School and University High School, La Trobe University, Victoria University, Queen Victoria Market, Melbourne Star, Harbour Town, Marvel Stadium, Festival Hall and Flagstaff Gardens. Enjoy the best of both worlds with TH 26 in Townhaus, where you can relax on your private rooftop terrace with the backdrop of the Melbourne skyline, while still being close to all the city's amenities. Don't miss out on the opportunity to make this luxurious townhouse your new home. Call for Private Inspection and Seize the Great Opportunity!
