This absolutely stunning block is one of the very last vacant lots on the River Heads Peninsula, Situated just a short stroll from public boat ramps, K'Gari ferries, community hall and local shops. The opportunity to build your new home overlooking the expansive Mary and Susan Rivers is here on one of the very last peninsula blocks. Covering a massive 2000m² the block runs down the hill but is still high enough to never have to worry about flooding. With town water, power and NBN available this may be your last chance to own waterfront land in River Heads.
