\$242,000

A great opportunity lies here to purchase a piece of Wahgunyah's history. The old Victoria Hotel is ready for someone to invest their love and restore this beauty. While there is work to be done, this 1870's property is full of original features including Murray pine flooring, dado paneling in Baltic pine, Baltic pine ceilings, four original fire places and an old Metters wood stove. If you are looking for a project then this is the property for you. Inspect by appointment. Property Code: 1205
