Designed and built to take advantage of panoramic views of the Dandenong Ranges, this home commands a significant corner block on a tree-lined streetscape. This 1970's era gem remains an oasis of quiet with a landholding of 1256sqm (approx.) with two street frontages. This home represents a golden opportunity to reimagine, extend or redevelop, while the highly sought-after location is also ideal for designing a brand new home or subdividing if desired (all STCA). Brilliant separation between living zones creates great privacy and seclusion for a collection of four bedrooms - or three and a study - including a luxurious ensuite main bedroom, complete with a dressing room - and a second bathroom. Entry via a palatial terrazzo-tiled entrance and library leads through to vast interconnected living zones that offer distinct areas for formal and informal living and dining, all opening to alfresco terraces that take maximum advantage of the surrounding views. Descend the stairs to a gorgeous lower-level teardrop pool and a series of north-facing outdoor spaces that create a magnificent setting for entertaining and rejuvenation. A pool room, bar, shower room and storage extend the possibilities with plenty of parking off the street and a triple carport. This prized, elevated corner allotment is ideally situated within the desirable Brentwood Secondary College zone with Wheelers Hill Primary School and Caulfield Grammar only a short walk away. Stroll to Jells Park and buses, visit The Glen for great retail options, Wheelers Hill shops, Glen Waverley Golf Course and enjoy handy access to the Monash and EastLink arterials.
