\$1,400,000 - \$1,500,000

Brush your feet free of sand, get a latte in hand, step onto the train and step out to it all at the gateway to Hampton Street. Located at the most highly-sought, high-amenity end of this prized beachside address, this 3 bedroom, 2 bathroom, dual zone home steps into today's commuter-living, latte-lifestyle in smart style. Cleverly designed to suit privacy-seeking owner-occupiers and share-housing tenants alike, with a choice of living zones, bathroom and robe-fitted double bedroom on each level, this streetfront residence even has a choice of entertaining outdoor space with an al fresco area on each level; one a leafy lushly private rear courtyard, the other an auto awning-shaded sea-breeze balcony-terrace. Styled to invest and enjoy with a sophisticated kitchen alongside a lofty open-plan shining with north-facing clerestory windows, this reverse-cycle air-conditioned home stars fresh white bathrooms (upstairs with a soaring skylight), warm timber floors and airy plantation shutters to add to the cool coastal feel. With parking for two cars including a deep garage, there's nothing to do here but live the life (or let a lucky tenant live theirs), just 200m to the station, half a dozen doors to the beachfront, and minutes' walk to the bistros, boutiques and bars beyond Brown Cow. For more information about this streetfront residence contact Peter Hickey or Stefan Delyster at Buxton Sandringham.
