\$777,000

Set back on a very family friendly street you will find this hidden 5 bedroom, brick and tile gem. Features of the home are a formal lounge room, separate dining and spacious living room. The main bedroom is larger than normal and offers a stylish renovated ensuite and walk-in robe. The remaining 4 bedrooms have double built-in robes and all have ceiling fans. The updated kitchen is open plan and has Caesar Stone benchtops, 900mm cooker, dishwasher and loads of cupboard space. Spacious light-filled main bathroom has a large shower space. Added features are a large undercover entertainment area, double garage with a workshop area and internal access, large laundry, plantation shutters, double linen closet, down-lights, A/C and gas points. This complete package has only just been recently repainted throughout the whole interior leaving the new owner nothing to do but move in. Resting on a 723 Sqm block and offering side access as well, yet, only a short drive to the CBD, seaside village of Greenwell Point and the beaches at Culburra make this one a must to inspect. Please call Peter on 0402 267 411 to arrange a private inspection.
