Private Sale \$795,000

This contemporary apartment designed by Fieldworks Architecture, with interiors by Design Office, seamlessly blends modern design with practical functionality and convenience. Developed in a collaboration between Milieu and Neometro, this quality 2 bedroom apartment comprises two double bedrooms, each equipped with built-in robes, with the main bedroom featuring an ensuite. Additionally, there is a central bathroom, well-designed entertainer's kitchen with quality appliances, a dining area, a living room, and a large undercover balcony. Additional features include, high ceilings, open spacious areas, concealed reverse cycle heating and cooling, engineered timber floors, European laundry, storage throughout, secure off-street parking, and a secure storage cage. Residents also have access to a communal rooftop area, providing an additional space for relaxation and enjoyment. Close to the best of Brunswick on the border of Carlton North, it is a short walk to Jewell Station, well-known local eateries and bars on vibrant Sydney Road, trams, parks, bike paths, and schools.
