**\$605,000**

If you love the great outdoors, boating, camping, fishing, riding motor bikes or even just bushwalking this place will tick all the boxes. With Sportsmans Creek as one of the boundaries this is the playground you have always wanted. There is a shed and a demountable building complete with a wood fire that you can camp in or go old school and just pitch a tent on one of the many sandy sections of ground. If you were feeling adventurous you could even run some cattle or sheep to keep the grass down. Only 20 minutes from Grafton where you will find all you ever need, this place wont last long. Call our office today to book an inspection.
