Price on Request

Proudly situated overlooking the beautiful Brisbane Waters, this expansive home boasts panoramic water views coupled with timeless style. A perfect example of classically modern design, the home exudes a welcoming European charm combined with modern touches. The flexible layout offers excellent separation between two floors of accommodation, with the lower level offering a large bedroom with ensuite and walk in robe, and the potential to be self-contained for guests or extra income. The two floors come together in the generously proportioned main kitchen & living level, with multiple living spaces and study/5th bedroom. All areas offer their own unique aspect on the stunning views, allowing everyone in the family to find their own private piece of paradise. Busy professionals and lovers of low maintenance living will appreciate the established native gardens and natural rock that make up both the front and rear yards, and the rear gazebo perched high above the home's roofline is simply crying out for someone to truly make it their own, with power already available it could be a fully self-sufficient entertaining space, an artist's creative escape or whatever your heart desires. Those needing to commute to Sydney or Newcastle will appreciate the short walk to Tascott train station and the 10 min drive to the M1 Motorway, which with the new Northconnex tunnel means you can be in the thick of Sydney's North Shore in well under an hour. Enjoy a short walk to popular Tascott eateries, and just a 2-3 minute drive to Point Clare's shopping, amenities and well-regarded public school. All of this while being situated on the doorstep to an enviable Brisbane Waters lifestyle, with boating, kayaking, fishing or simply enjoying the numerous waterfront reserve parklands and cycleway, all just moments from your front door. A truly exceptional water view offering in one of the most tightly held suburbs on the Central Coast. "We have obtained all information from sources we believe to be reliable, however, we cannot confirm its accuracy. Prospective buyers are advised to carry out their own investigations."
