\$1,750,000

A complete lifestyle package of just under 2 acres in a peaceful and idyllic semi-rural location. The individuality and seamless blend of 1960's character and charm, with the best of today's modern luxuries showcases throughout this elegant home. This country lifestyle home is uncompromised with town water, bitumen driveway and road access, all within a 4-minute drive to elite schools and the Beaconsfield Township offering an array of shopping and cafe-life. Quality timber flooring, bespoke parquet and double hung windows reminiscent of yesteryear are complemented by the mono chrome tiling and black tap wear which are a theme throughout the fully renovated kitchen and bathrooms. The kitchen is impressive with a combination of solid timber and stone benches, the Belfast sink highlights black tap wear and the piece de resistance, the striking Belling Cooker. A substantial home with 5 bedrooms plus a study provides extensive family accommodation with 3 separate living zones. Stepping onto the alfresco and decked balcony gives a vista over the spectacular mod grass tennis court and in ground pool, whilst mature gardens surround the property and offer an adventure playground for the kids and dog to explore. There's even room for a pony with a picturesque and lightly treed paddock at the rear of the property!
