Stunning design concepts have created a contemporary residence that achieves an exceptional balance of sophistication and seclusion, luxury and light within a highly sought-after urban enclave on the cusp of Cheltenham station village. A premium material palette consists of engineered hardwood flooring in the living zones, stone wrapped preparation benches in the kitchen, and floor-to-ceiling tiling with frameless glass showers in the bathrooms. Seamless connections between inside and out are achieved through sliding doors in the living zone and bedrooms, opening each space onto a wraparound top-floor terrace boasting north & east facing aspects. In a class of its own, the property displays an unrivalled commitment to quality and an artist's vision, resulting in spaces that look and feel amazing to live in. Features include a substantial master bedroom with WIR & ensuite, a walk-in pantry, square-set interiors, living room A/C, and storage cage. Thoughtfully designed, desirably situated, and entirely individual, live within steps of Cheltenham station, Southland SC, and Cheltenham Park Reserve.
