The architectural excellence of the Lume apartments has unparalleled luxury and quality finishes, the building is positioned with brilliance and is known for its awesome roof-top layout with panoramic views. The continuity and seamlessness of the elegant spaces make this one-bedroom with secure entry an exceptional piece of real estate. Enjoy the sun-drenched veranda, open-plan kitchen and living spaces adorned with chic tonal colour schemes; the dark stone benchtop is contrasted with lighter finishes and off-set with sandy-oak natural cabinetry inclusions that are quietly mirrored throughout this stunning over-sized, one-bedroom.
