Minutes walk to the recently renovated Bankstown Sports Club, walking distance to Train Station and shopping centre and eateries. Really nice layout with ample natural light. North Facing. Vibrant local community with cafe's and restaurants buzzing with activity. In an excellent location, on a quiet street this property is conveniently located within close proximity to the Bankstown shops, and M5 to Sydney Airport. Brand new and spectacular. This building does not belong in Bankstown, the quality of finishes is outstanding. The developer have over spent making "Kalina" the most high end apartment ever seen in Bankstown. NBN ready, quality roller blinds already installed by the developer, ducted range hood, tiled living and dining, carpet in the bedrooms, two bedrooms with two bathrooms, high ceiling.
