COMFY COTTAGE PACKED WITH FEATURES

Have you always dreamed of your very own cottage with a picket fence surrounded by gardens full of beautiful flowers?

This charming two bedroom home is surrounded by a cottage style garden and is set on a level block of 680 square meters, just a short stroll from the Glenorchy CBD.

Built in 1947, the home has been meticulously maintained and updated through the generations. The cottage features a great mix of period features and modern day living. The high ceilings throughout create a light and roomy space.

With an open plan kitchen, dining and lounge room, the updated kitchen has great storage space. The living space includes a reverse cycle air conditioner.

The renovation on the home includes all new windows with aluminium frames and a contemporary renovated bathroom with floor to ceiling tiles.

The two large bedrooms both have built-in-wardrobes.

The home also features solar panels reducing those ever-costly power bills.

One of the best features of this home has to be the undercover deck, which is accessed by the sliding doors from the dining room. Extending the open plan living to the outdoors, here you can spend your days entertaining and enjoying the outdoor space. The laundry room is accessed from the deck and features more storage space. Both the front and back yards are secure and level, a great space to unwind at the end of the day.

Located in such a convenient location it is sure not to last long. So stop dreaming of the cottage that you've always wanted and come along to inspect to really take in the charm of this home and garden.
