**\$700,000**

Only just built 6\* months ago, this ultra-modern 4 bedroom home must be sold due to work commitments elsewhere. From the moment you enter 31 Finch Street, you will realise it has a real wow factor. A feature atrium garden is visible from all the main family areas of the home. The kitchen comes complete with butlers pantry plus modern upmarket appliances. There are two distinct family areas, a formal lounge, plus open plan family areas off the kitchen/dining rooms. Plantation shutters and security screens feature throughout this lovely property. You are able to bring the outside in, as the back patio area can be opened to the family/dining via large corner sliding doors. The design of the home ensures all bedrooms, bathrooms, double garage and laundry are not on view from the main traffic areas. The main bedroom comes with a generous ensuite, double sink vanity, all tastefully hidden by a dual access walk through robe. Due the fact, the present owners have only been in residence for a very short period, the yard is very much a blank canvas. A two bay shed and secure colourbond fencing completes the picture. Presents like new, because it is! Contact Steve Anderson, PRD Maryborough on 0417 009 790 or 07 4121 0616 to book your inspection today. \* approximately
