Own a slice of the Sunshine Coast on Kiels Mountain, nestled amidst lush greenery with views that never get old. This one-of-a-kind home offers a unique opportunity where luxury, distinctive character, and stunning views come together. Positioned on a vast 5,847m² lot, this home, freshly renovated, is designed with meticulous attention to detail. As you approach the residence, the first spectacle that captures your attention is the stunning concrete saltwater pool, with views of the Coolum and Ninderry mountains to the Mudjimba Island. This welcoming home promises limitless relaxation and breath-taking views, setting the stage for the exquisite details awaiting inside. The entry unfolds into a space where exposed raked ceilings soar above, lending an airy openness while grounding the home's aesthetic with rustic charm through the use of 100-year-old elevator doors repurposed as cupboard doors, exposed brick walls and many more detailed features you have to come see for yourself. These elements, alongside a striking art mural, imbue the home with a distinctive personality, character, and warmth. From the entrance, the journey leads you to a versatile downstairs area, perfect as a teenager's retreat or a parents' hideaway. It could effortlessly serve as an additional living space, complete with laundry, ample storage and toilet facilities, catering to a variety of needs and activities. Venturing further into the backyard, an edible garden, beautiful flora and a water feature awaits, a testament to sustainability and self-sufficiency. Here, citrus trees, cacti, and a variety of herbs flourish, inviting you into a world where the joy of harvesting your own produce is just steps away from your kitchen. This garden is not just for cultivation but serves as a serene retreat, reflecting the home's commitment to blending indoor and outdoor living seamlessly. Completing the outdoor experience is the 6x9m shed, providing ample space for storage, hobbies, or even a creative workshop. This practical addition complements the home's aesthetic while ensuring functionality and convenience. 311 Kiel Mountain Road is more than a home; it's a retreat offering luxury, character, and a connection with nature. From the stunning pool and views to the eclectic interior and peaceful garden and shed, it embodies Kiels Mountain Living, inviting a life full of discovery. Will be sold at or prior to Auction!
