## **Finest Living at Moonee Ponds**

Only 6km from Melbourne's CBD, Moonee Valley Park will exemplify a fully integrated, meticulously planned neighbourhood. Botanical features abound with 20 hectares of green space, urban design and rich heritage combining to create the ideal place to live, work, shop, move and unwind.

The debut apartment building within Moonee Valley Park, Thomas Street offers a rare collection of exquisitely designed residences spread over just six floors. Crafted by award-winning architects Rothelowman, landscape architects Tract and interior designers Mim Design, Thomas Street features just 69 one, two and three bedroom residences, all of which include their own car space and generous outdoor living.

Spacious areas can also be found within the six-level building itself, including a ground floor lobby and generous lift lobbies where people can stop and chat. A 1400-square-metre garden, which will be directly accessible from ground-floor apartments, will provide residents with a natural outlook and a tranquil space to retreat to.

Residents can enjoy an amenity-rich lifestyle thanks to a future sister building, which will deliver a rooftop pool, a wellness sanctuary, concierge and delivery services.
