Embrace the lifestyle in the heart of South Melbourne! Forget about your car and jump onto either train or tram only 600–700 metres away from your doorstep if, by any chance, you have not been satisfied by the infamous South Melbourne market and local boutique shops. The apartment has 1 bedroom and 1 bathroom, generous living space, and a decent private balcony. It is fitted with all modern fixtures and fittings, including built-in robes in the bedrooms, a beautiful kitchen with quality appliances, including reverse-cycle air conditioning, blinds throughout, and secure entry to the building. Please note that the furniture will be removed from the property, and you can style it to your liking.
