When fully renovated spaces accompany a fantastic position the equation is always enticing – and this inviting 3 bedroom, 2 bathroom home proves the point beautifully. Living and dining areas featuring polished concrete floors incorporate a kitchen where stone benches, chevron patterned a splashback and soft closing cabinetry convey a look that's elegant and an efficiency that's exceptional. The main bedroom's walk-in robe and ensuite, two further bedrooms and the second bathroom illustrate the spectacular success with which this home has been brought completely up to date. Central heating and reverse cycle cooling deliver total comfort to spaces that flow to a landscaped backdrop accompanied by off street parking that's accessed from Collingwood Road. All the appeal of living opposite Newport Park, moments from The Strand, the water, Hall Street cafes and Newport station adds to the attraction of a residence providing contemporary refinement behind its classic façade.
