\$960,000 - \$1,050,000

Expertly brought to life, this two bedroom, two bathroom home is a luxurious entertainer with the finest finishes and an attractive location. Designed by an architect, the eye-catching and extraordinary home showcases a gourmet kitchen overflowing with Carrara marble and Miele appliances, beautifully proportioned dining and family zones and indoor/outdoor flow incorporating a bluestone entertainer's courtyard with barbecue kitchen and retractable awning. Presiding over the top floor, the main bedroom becomes a sanctuary when its custom-built door stretches across to provide optimal peace and privacy. Chic fully tiled bathrooms include an ensuite and each bedroom has a walk-in or built-in robe. Extras incorporate a European laundry with Miele washing machine, cosy gas log fire, additional heating, air conditioning, security system, lustrous polished floorboards and automatic garage. Easy to maintain, free of any owners corporation and destined to impress, it's metres from Andrew Boyd Reserve, a stroll to cafes, buses, schools, sporting facilities and local shops, within easy reach of both lively Fairfield Village and renowned High Street.
