Other For Sale

Monday, 3 June 2024

317 South Nietta Road, Nietta, Tas 7315

Area: 129 m2

Type: Other

Tony Maguire

Expressions of Interest

An opportunity to secure approximately 319 acres of traditional north western Tasmanian red basalt land. Approximately 15 minute drive south from the thriving township of Ulverstone. The property has previously grown a crop of Eucalyptus Nitens. The current owner has de-stumped the entire plantation and sown approximately 50% of the property to pasture. There is a gravelled road through the entire length of the property. Improvements include a 3 bedroom transportable home, stockyards and a considerable amount of vermin fencing. The holding would be very suited to running livestock or perhaps enter the carbon capture market with Forestry.
