Pack the tools and call the tradies because this original high-set home needs renovation. It's set on a 656m² (approx) block close to shops and schools, but it needs significant work throughout. This is a property offering plenty of potential in a central and accessible location, walking distance to Kmart, Coles, and Townsville Shopping Centre. It's perfect for flipping or fixing for the future, and backdropped by a big back yard.
