\$1,875,000

Showcasing a towering cathedral ceiling and spectacular glass aspect, this sublimely transformed beauty is a three bedroom plus study standout with serene mountain views in a golden locale. Freestanding and luminous, demonstrating an inspired union of period elegance with contemporary excellence, it's an abode to delight the discerning. Setting the scene for many a culinary triumph, the glorious kitchen/dining/family is sublimely appointed with 90cm Bosch appliances and plentiful soft-close storage. Perfectly proportioned for family relaxation, exceptionally generous design flows past dining and family zones to a bank of bifolds, part of an almost entirely floor-to-ceiling, wall-to-wall glass aspect. Step out to enjoy an entertainer's deck above an elegant courtyard, or secure off street parking, with remote controlled access to Speight Street. Luxuriously large bedrooms offer generous robes, while further highlights include a stylish family bathroom with deep bath and similarly modern ensuite. A loft study, storage, handsome timber floors, sleek stone surfaces and heating/cooling ensure you'll want for nothing. Desirably close to schools, parks, transport and lively High Street, it's impressive from all angles.
