Nestled proudly across two titles and on a huge 941sqm block this quaint Queenslander is bursting with warmth and history. The yard has a peaceful country feeling and benefits from a tranquil creek at the rear and park views at the front. Built in 1940, this home has maintained many of its original features like VJ paneled walls, open brick fireplace, stained glass windows and honey coloured timber floors. The combined dining and living areas are wonderful spaces that are connected yet apart. The dining room can easily hold a six-seater table and the lounge is a warm and inviting place to relax at the end of the day. The fireplace immediately gives this home character and style. The kitchen comes with timber cabinetry, loads of bench space and cupboards and a 4-burner gas cooktop. A double basin sink overlooks the grassy back yard. The oven is wall mounted. The Master bedroom is a wonderful size and comes with a beautiful bay window with cushioned seating, plantation style shutters and a ceiling fan. The charming bathroom has exposed brass plumbing over a designer, claw foot bathtub and surrounded by hand made porcelain tiles. A single vanity with mirror above and toilet. The stand-alone studio would perfectly suit artists or as a kids retreat or for those needing a separate home office. The backyard has a tranquil flowing creek at the rear adding yet another restful, comforting feeling to this amazing home. The location is unrivalled with Wynnum central shopping precinct just a moments' walk away providing access to doctors, dentists, schools, day care centers and a multitude of dining and entertainment venues. It's also an easy stroll to the magnificent Wynnum foreshore and one of the biggest marinas in the southern hemisphere. With the Olympic sailing being held here this presents a huge opportunity to get into the market early. This home will provide you with a beautiful lifestyle home you live with not in. - Air conditioning- Dual side access- Plenty of storage space under the house- Large garden shed- Loads of off-street parking for Boats and caravan- Gas from the street.
