Located in the highly sought-after tree lined Renwick neighbourhood, this property offers a comfortable and modern lifestyle. The heart of this home, the modern kitchen, boasts an island bench and sleek stone countertops. This space seamlessly combines functionality with style, making it a hub for meal preparation, social gatherings and the creation of cherished memories. The main living is a sanctuary of natural light, enhanced by solid timber flooring, 9 foot ceilings, generously sized windows and sliding stacker doors that lead out to a tiled outdoor entertainment area. The seamless indoor-outdoor flow adds to the overall appeal of the home, providing an open, airy space for both relaxation and hosting. The spacious master bedroom is a retreat of its own, featuring French doors that open onto a tiled patio, a walk-in wardrobe, and a well-appointed ensuite. Meanwhile, the additional three bedrooms, all equipped with built-in wardrobes, as well as the media, are comfortably carpeted throughout. Regardless of the season, you can enjoy optimal comfort throughout the home thanks to the zoned ducted reverse-cycle heating and cooling system. This modern amenity allows you to tailor the indoor climate to your preferences, ensuring that you and your family always experience the perfect atmosphere. To complete the package, an oversized double garage accessible via the rear lane offers both convenience and security. The direct entry into the residence from the garage further exemplifies the thoughtfully designed layout of this property, making it a practical and comfortable place to call home.
