This is a rare opportunity to secure a large building allotment right in the middle of Bendigo's most sought after residential area. The property is located at the elevated end of Doak street amongst some of the most sizable and historic residential estates. You can build your dream home here with the block being unencumbered by easements and have a magnificent family home with room for a pool, tennis court and a large shed. With a wide 26m frontage giving you the opportunity for a lavish landscaped design garden to compliment the home. Situated in a prized location, only moments from all of Central Bendigo shopping, schooling and entertainment. This is a rare gem.
