This 3bedroom, 2bathroom home is absolutely stunning, especially with its commanding position at the highest point in the street which gives the most expansive views of Lake King on the Gippsland Lakes. The main living area has a wide entry foyer and features those breath-taking views creating a serene and welcoming atmosphere. The large combined lounge/dining/kitchen area is a stand out feature, perfect for both everyday living and entertaining. The modern and renovated kitchen has expansive benchtops, ample storage and an induction cooktop, all of which will impress any chef. White raked ceilings in the living area add ambience, elegance and openness to the home and the wood heater creates winter warmth throughout the whole house. Reverse cycle air-conditioning provides additional comfort all year round. The undercover deck opens from the lounge and is a major high light providing an ideal spot to relax, take in the views and to entertain. The layout of the 3 bedrooms offers both privacy and flexibility making it suitable for family and/or guests. At one side of the home is a good sized bedroom, modern bathroom and a laundry with great storage. The main bedroom on the other side of the house overlooks the deck and has a fabulous room sized walk-in wardrobe. A good sized bathroom services both the main and the third bedroom in this area. The two car carport provides ample space for vehicle storage and a single garage/workshop offers generous space for recreational equipment such as kayaks, bikes and camping equipment. The addition of a second carport on the opposite side of the home, which previously housed a 25ft yacht, adds to the versatility of the property. Overall, this property is a blend of of modern comfort, stunning views and practicality, making it the ideal place to call home, a lock-up and leave holiday home or an astute business proposition for the holiday rental market in the ever growing and ever popular town of Paynesville.
