This lovely family home with its unique look that sets it apart from others around it has ample space for everyone to live and function comfortably. The open plan living, dining and kitchen area is sunny and inviting and opens onto a fantastic wrap around deck that has great views over the neighbouring parkland, creating an appealing open feeling. The galley kitchen is well designed for ultimate workflow when cooking up your creations and the island bench is huge for that quick breakfast or leisurely evening drink and chat. In fact, the whole space is great for gathering the household without feeling cramped. You will love that you can also spread out into the media room and bonus activity area with a powder room, and there is also a dedicated study to work from home or take care of your life admin. The master bedroom is a great size with a walk-in robe and ensuite and the three other bedrooms all have built-ins and are perfect for the kids. The family bathroom is again well set out with a great use of space. All in all, this home has everything a growing family could want in a great family-friendly part of town. Don't miss out!
