The home is light, bright and inviting which is the first thing to love about this north-east facing property. More enticing still is that it offers a 740sqms (approx.) corner which gives you options galore to extend or redevelop (STCA) just a 20min walk to the newly upgraded Westfield Knox. A host of updates makes for effortless modern living with golden floating floors, split system heating cooling units, a mosaic-tiled bathroom and elegant pelmet top drapes. The kitchen offers its own meals area separate to the living room, with s/s appliances including a gas cooktop at your disposal. For nights you don't want to cook, there's the village shops across the road with pizza and fish & chips, and a superb selection of eateries at Knox Ozone's vibrant restaurant strip - now home to artisan gelati Augustus and new Asian cuisine at One Noodle Pot, Oushou and Krabby's. Fenced and gated for security, the rear yard includes a huge covered outdoor entertaining area and a blank canvas lawn with potential to build a granny flat. Whatever vision you bring, this prime address is ready to welcome your ideas, with the 737 bus stop out front to Monash Uni, nearby schools, tennis club, Eastlink, and short cut access to Westfield Knox through Lewis Park.
