This picture perfect family home has only two owners since around 1950 and offers a delightful blend of space and charming period features. You'll also be delighted by its recent decor updates that enhance its timeless appeal. Step inside to discover a generously sized lounge room with elegant etched glass doors leading to the hallway, complemented by beautiful French-styled doors opening onto the front porch with their striking convex glass panels. As you explore further, you'll find an inviting entrance vestibule leading to a hallway providing access to the lounge, bedrooms, bathroom, kitchen, and dining area, creating a flowing layout ideal for everyday living. Each of its bedrooms could fit a queen or king-size bed, with the main bedroom boasting two built-in wardrobes for added convenience. The adjacent bathroom is complete with a separate shower recess and bathtub, with a separate WC nearby for added privacy. Adjacent to the lounge room is the dining area that connects to the galley styled kitchen that has plenty of cupboards & bench space. Towards the rear of the home you'll find the laundry, versatile office/study or 3rd bedroom offer additional convenience and flexibility. Outside, a side driveway leads to a lock-up garage with an attached hobby room, complemented by a spacious rear yard with convenient rear lane access. Additionally, a separate workshop and carport provide ample space for storage and hobbies.
