\$160,000

Beautiful flat large 1,012m² (quarter acre) block in the heart of Keppel Sands. If the Coastal living lifestyle has been calling you and the dream of all the good things that come with it like, walks on the beach and exploring our islands plus catching beautiful fish and mud crabs. This is the property that can make dreams come true. Keppel Sands is well known for its wonderful community and great location. The block has heaps of room for a shed and a lovely home. It's an easy walk to the beach, shop, and the newly updated Pub. Two boat ramps are not far away. Plus easy access to Rockhampton. It would be hard to find such a large great block so close to the beach and other amenities, especially at this price. Contact Damien for more information
