\$1,500,000

Combining family values with a sunlit lifestyle, this single level home has been tightly held and offers immediate comfort with scope to modernize or renew on 650sqm approx. in the Highvale Secondary Zone (STCA). Ready to be enjoyed for many years to come, the home's functional design is destined to delight with the three robed bedrooms accompanied by a 4th bedroom/study and incorporating a master bedroom with walk-in-robe and ensuite. A family bathroom and separate toilet added to the appeal, as does the northerly oriented lounge and dining room that sparkles with polished hardwood floorboards. Flowing freely from here, a meals/family room links with the kitchen boasting a breakfast bench, Technika oven, Goldline gas stove and Technika dishwasher, while the side of the home and backyard draw guests and children outside for entertaining and fun in the sunshine. Furthermore, the home boasts a full-sized laundry, ducted heating, evaporative cooling, alarm, double carport plus gated access through to a single garage/freestanding storage shed. Resting in a prized location that abuts Holy Saviour Primary, walking distance to Weeden Heights Primary, Highvale Secondary, buses, trams and Vermont South shops, near The Glen Shopping Centre, Glen Waverley Station and freeways.
