You can have the best of both worlds with this 1.016 hectare block, you have beautiful Australian bush surrounding you and then there are water views from the block, and depending on what and where you build, they could be amazing views to boot! Imagine building your dream home and waking up listening to the birds on a block that gives you the feeling like you're on a 100 acres instead of just 2.5 acres. Smell the gum trees after rain and experience the bush animals on your doorstep, living on a parcel of land like this makes you never want to go back to residential living. Pollwombra Road is a very popular street with quality homes all along it, and just a short drive into Moruya CBD itself, far enough away from the rat race but close enough to exploit its virtues.
