Located on the Bucketts Way, just a short drive from Krumbach, we have probably 1 of the best pasture improved 25 acres available, with lovely weekend accommodation to compliment it. The fencing is all new and boasts 3 good paddocks. There is plenty of water with dams to each paddock, spring fed. Holding Yards, crusher and loading shoot are near new. The outlook to Krumbach Mountain from your weekender is simply stunning. With a building entitlement as well this could be your forever home. Being so central to Gloucester, Taree and Nabiac (Pacific Highway access) it's a quick option out of Sydney or Newcastle for a weekend getaway, or build and live the life of a hobby farmer with the potential to earn a good income. Smaller acreages are hard to come by, so be quick on this one, you will not be disappointed. By appointment only, For a private inspection of this must see property, call Graham Russell Ph: 0434630010
