Yes it's cheap but it needs a lot of work to get it back to it's glory days. The home features some beautiful pressed metal ceilings, 3 double bedrooms, reasonable bathroom and a internal laundry. The kitchen is pine with electric appliances. Outside the block is huge with a frontage of just over 40m and a depth of approx 49m with rear lane access. There is a double car shed and 2 garden sheds. The property is being sold as is and the vendors don't give a warranty that any of the appliances are still working and it comes with all the cob webs and the level of cleanliness seen in the photos. The Property is connected to mains water, sewerage and power. We haven't had any quotes as to the cost of the renovations and potential purchasers should make their own investigations into the costs of the required works.
