Boasting an excellent location in the heart of Cardinia Lakes Estate and demonstrating a flawless presentation both inside and out, this three-bedroom townhouse is a fantastic find and ready for immediate enjoyment. Light and bright from the very first step inside, this clever floor plan represents functionality and contemporary all in one. The layout begins with a tiled entry leading into the formal lounge then adjoining an open plan living and dining area. The stylish kitchen is of great size and presents quality appliances, a gas stove top, a dishwasher, an abundance of storage, and a large breakfast bar. Upstairs you will find all three of the bedrooms. The master is generous in size and complete with a walk-in robe and ensuite while the two remaining bedrooms all feature built-in robes and have easy access to the family bathroom and separate toilet. Additional benefits include ducted heating, split system air conditioning, European style laundry, powder room downstairs, remote double car garage and low maintenance courtyard. Just a stone's throw away from key amenities you will love the life this home will bring.
