\$535,000

This near new home was well constructed and almost all the hard work is already done. While currently move in ready there are also some finishing touches to the outside of the home that would continue to add value to this delightful house. As you enter the home with vinyl planks, the Master Bedroom is to one side and opposite the DLUG. There is a WIR and double vanity ensuite with separate toilet and walk-in shower with a highlight window, all combined with luxurious floor to ceiling tiles. There is plenty of storage along the hallway which leads you into a separate lounge that can be closed off with sliding doors. As you continue down the hallway there is a large open plan space which includes living, kitchen, dining and walk-in pantry. The kitchen is modern with stone bench tops, 900mm S/S appliances and dishwasher. At the back of the home and to one side there are a further two bedrooms, laundry and family bathroom all completed with modern finishes. The home is heated with gas central heating and there is an evaporative cooling system as well. Demand remains strong for homes of this position, so call Tim to arrange your private inspection.
