Stretch out, relax and enjoy life in this spacious family home. Thoughtfully designed to make the most of the northerly aspect and cater for those that love both the indoors and out, the design also provides separate living areas and options to work from home. The "as new" home features 4 bedrooms, all with robes, the main with ensuite & walk-in robe, as well as a well-equipped modern kitchen, with walk-in pantry, that forms the central hub for the family to gather and also opens out to the north-facing covered alfresco dining. There is loads of storage, ducted heating throughout to provide year-round comfort, and double glazing & insulation helping to keep the energy bills down. Set on a generous 719m² allotment, in a sought-after location, close to the schools and the medical precinct, there is plenty of room for the kids to run around, or for the avid gardener, with handy access through the garage to the private backyard, complete with fruit trees, veggie boxes with automatic watering system, garden shed and rainwater tank. This low maintenance home is perfect for the growing family, those looking to downsize, or for a quality investment in one of Kyneton's most popular locations, only 1 hour from Melbourne by road or rail.
