This well-renovated brick veneer home is certain to impress and would suit a first-home buyer, downsizer or investor. The modern home includes many appealing features including a generously sized living room with split system air conditioning and gas heating and adjoins the meals area and new kitchen. The contemporary kitchen is a delight and features brand-new appliances and plenty of bench/storage space. All four bedrooms have built-in robes and share a lovely bathroom boasting a walk-in shower with a tiled niche. Further highlights of this impressive property include magnificent polished timber flooring throughout, a full repaint and quality new window coverings. Head outside to a neat and tidy yard and access the carport and attached shed/store. Located close to schooling, recreation facilities and other conveniences, it's difficult to find a property in this price range that is move-in ready and the hard work has been done. Check it out for yourself – you won't want to leave! Disclaimer: Prospective purchasers should make their own enquiries and refer to the due diligence checklist provided by Consumer Affairs.
