\$395,000

The views are priceless from this property that could be a 'Home away from Home" as you drive into the circular driveway...You will know it just feels right the moment you step inside as it is ready to move in and start stoking the fireplace as you curl up on the lounge with a cup of hot chocolate while you relax and take in the views of the stunning landscape of Killarney. As you walk into the 2-bedroom cottage with a study area, the feeling is pure relaxation... On the right you have a dining room with a large, picturesque window looking over the hills and as you move through the fireplace is set ideally between the dining and lounge area with the country kitchen separated by a breakfast bar. The master bedroom is in the heart of the cottage and the 2nd bedroom is located to the left of the front door as you pass the study area which also has the amazing views from the window. Leading off from the kitchen you have a small area that can be used for storage or another sitting nook which leads to the walk-through robe and onto the bathroom. This property would be a great opportunity to the first home buyers as the potential is endless due to the size of the block. You may decide to live in the cottage and build your dream home, or it may suit the investors as an Air BnB and also if you are looking at downsizing or finally making the move to the country. Only 30 minutes out of Warwick and just over 2 hours from Brisbane....This property will not last long, so be quick to enquire and book your inspection so you don't miss out... Call me on 0417 070 881 to arrange an inspection and if you require any further information...
