We love Pitt Street, with the entrance to Figtree's, the Riverwalk and Fish Co-op its becoming a great place to live and invest and this home typifies the opportunity. Growing families will love the good sized bedrooms and extra shower and toilet, and the perfectly proportion kitchen and multiple living area's. At the rear an inviting inground pool over looks the big back yard with plenty of space to play, have fruit trees or a veggie garden. Families, Downsizers and investors, be sure take a keen interest in this one
