\$590,000 - \$630,000

Set in a beautifully tree-lined street sits this large vacant block of 1351m² (approx). Slightly elevated and mostly cleared, blocks of this size in an established street rarely pop up. With peaceful surroundings the land has the convenience of being only 1 km (approx) from the main street in town and is also just a short stroll from the Warburton and Aqueduct trails, Mount Evelyn Primary and Yarra Hills Secondary College. With all services available and on a sealed road this truly is a great opportunity to build your forever home (STCA).SMS "33SPRING" to 0488 825 944 for more information.
