\$800,000 - \$880,000

A modern masterpiece where family living is effortlessly perfected, this 3-bed residence showcases an ideal mix of form and functionality, combining its exceptional living spaces and brilliant alfresco areas with comforting accommodations and a sleek, contemporary style. Plush carpets underfoot in the large formal lounge create a comforting space inviting you to unwind in style, separate from the open yet wonderfully zoned family and dining area opening up to the rear. A chef's delight in the island-style kitchen reveals quality stainless steel appliances, before a full-width terrace extends the living space to the outdoors and creates the ideal setting for leisure and rest. A mass of space showcases a spectacular outdoor oasis, complete with a covered spa area and a dedicated basketball area for the active family. A 6.0 x 4.0m (approx.) shed balances recreation and vocation, providing ample space for storage or a DIY workshop. Three bedrooms with fans and split-system units include the master bedroom with a large fitted walk-in robe and ensuite, whilst an enclosed office is ideal or an additional bedroom. Practical considerations are met with ducted heating, an additional split-system unit, integrated speakers in the family room, and a double garage with through access to covered parking, offering a heightened standard of family living near Wallaroo Primary, Western Port Secondary, Hastings Station, the revitalised High Street with its shopping centres and cafe strip, and the beautiful Hastings foreshore.
