**NEWLY RENOVATED BATHROOM WITH PHOTO'S TO COME!** Don't hit snooze on this one, it will not last long! Set on 1.1 hectares, this premium acreage property is almost ready to go! With 3 bedrooms, the main has a dressing room and walk in robe, and access to a Jack and Jill style walk through bathroom, which joins bedroom 2. Both bedrooms 2 and 3 have built in robes and are not small by any means! There are 2 large separate livings areas, with the 2nd space being split with a bar area, so you have plenty of options to set this up to suit your family! The large family kitchen has plenty of room to move, and includes a dishwasher and large ceramic stove, along with meals area. The main bathroom has separate bath and shower and has been newly renovated with a separate toilet combined with large internal laundry. There is also a huge covered patio out the back, perfect for entertaining. Outside you have seemingly endless room to move and play, with a large paddock at the front and behind the main residence. There is a 3 bay shed, with 1 end converted to a storeroom/office space, which again is versatile, a separate 2 x bay carport, and a smaller covered concrete slab, which could be a dog yard, or a lock up for the trailer or jet skis. Contact us today for more information, or come along to an advertised open!
