Well located, well presented character home. Upstairs features 3 good size bedrooms all with a/c, plus a fourth room, either a nursery or office. The kitchen and bathrooms are modern. The rear deck is very private. Downstairs provides sensational garage/car space that is quite rare in the tenant pool. Downstairs also offers a 2nd retreat, either for teenagers or guests. There is also a second living area, with laundry, kitchenette and second bathroom (the lower level does have an a/c as well). The whole house including hot water, is powered by solar, low cost living with power bills which is a big saving. Located 500m to Deagon station. Short walk to Sandgate State Schools and shops. Pets negotiable.
